## **BAKING and CLEANING**

As part of our passion to offer the widest range of services to the video industry we are pleased to be able to bake and clean most older tape formats. The price for this service starts at £45.00 but until the tape has been analysed we cannot offer a firm quotation.

## **RESTORATION**

The restoration of tape is a very complicated process and we cannot quote until the tape has been analysed. Please fax or email details of your requirements for a prompt answer to what could be achieved.

Restoration of tapes will be a process that takes weeks rather than days.
