

We can print in mono or colour, CD self adhesive labels for attaching to certain CD's. These labels may be fixed to DVD discs but most manufacturers do not sanction this and it is our policy not to fix labels to DVD discs (if you require printing on DVD's please see our on-body print price list). Our services also includes a print only option on CD or DVD discs allowing you to burn pre-printed discs with your own content.

Our **MONO** CD label printing is restricted to printing a maximum of five straight lines of text in our standard fonts on a sheet of two labels. The price includes the labels.

Price per sheet of two labels.

To print in **black** text on a white label only, a maximum of five straight text lines on two labels for application to a CD. **£1.98**

Our **COLOURED** CD label printing is restricted to printing a supplied image without alteration on to a sheet of two labels. The price includes the labels.

Price per sheet of two labels.

To print in **colour** a supplied image on a white label only, two labels for application to a CD. **£2.99**

Should you require more complex (curved text etc) or alterations to labels we would be pleased to provide an idea of cost, but due to the complex nature of creating the layout the creation charges would be as follows:

The first 15 minutes £25.00. Each Subsequent 15 minutes £15.00

To affix any labels (at customers risk) per disc. **£0.48**
